Phillips Solicitors are delighted to announce the promotion of Shirah Real to Associate Solicitor. Shirah has been a solicitor in Phillips' wills and probate team for five years and has successfully completed her studies with the Society of Trust and Estate Practitioners (STEP), becoming a fully qualified specialist Trust and Estate Practitioner.

Shirah's particular forte lies in helping clients to manage and simplify their personal affairs and advising them on all aspects of wills, trusts, powers of attorney and related matters; often helping them face difficult family issues in situations when a loved one has died. Shirah's experience and recent STEP qualification complements Phillips' existing resources and helps us to continue providing high quality services to our growing portfolio of clients.

Managing partner, Sheila Glyn-Owen comments: 'We are delighted to announce Shirah's promotion, which comes at a time when we are poised for growth and which recognises her considerable contribution to Phillips over the past five years. Shirah's expertise will help ensure we fulfil our objective of becoming the solicitors of choice for clients in our area.'

The teams at Phillips Solicitors specialise in advising and providing services to help clients achieve their goals. The service offering has evolved to meet the needs of individual clients as well as those of businesses. [www.phillips-law.co.uk](http://www.phillips-law.co.uk)
